Israel.

Giraldi said that Americans' liberties are under attack, such as free speech under anti-Semitism laws that prohibit criticism of Israel. 70% of Biden's administration is Jewish, and almost all positions in national security and foreign policy are held by Jewish people. They retain power no matter who the president is and which party controls Congress. News reports indicate that Trump has been offered \$100 million from Miriam Adelson in exchange for Israel taking over the West Bank to create a single Jewish state. Israel has led America into decades of war. Giraldi says that Israel need the US to fight its wars because it cannot dominate the Middle East without US involvement. Netanyahu and Israel hope to expand its border to 'Greater Israel' that includes Jordan, Lebanon, swaths of Egypt, Syria, Iraq and Saudi Arabia (see map).

Why don't we just blame all the problems on the Jews...After all there has to be a scape goat... Governments are the problems...Not Religion...

America is being harmed by our leaders. Our leaders are Jewish or controlled by Jews, from Blinken to AIPAC handlers for Congress.

America needs to stop funding Israel. Jewish power is killing our country.

“They retain power no matter who the President is and which party controls congress.” Trump has already received an advance of 100 million. Dear people, Washington DC doesn’t work for us. It works for other individuals.

These 'jews' are Ashkenazi eastern European converts to the faith for political support. They are not genetically decendents of the clan of Abraham [semitic]. Ref. Jewish encyclopedia.

Hmm... Seems the pot calling the kettle black, when any (even factual) criticism of Islam, results in one being called "Islamaphobic" or worse. I don't see Jews around the world blowing up churches and or attacking Christians. Hasn't anyone read about the killing of black Christians in Nigeria by black Muslims? This war has a religious component, that the western world in it's arrogance ( and cultural relativism) ignores.
